

My Laude Score

Junior Year

Student's Name _____

Grade _____

Date _____

You must have a 3.2 cumulative G.P.A. or higher and have earned a Laude Score of at least 16 to earn a Laude distinction. Any students with a GPA of 3.19 or less will not have honor points calculated toward a Laude Score. Please note: Final Laude scores, senior year, are based on 7th semester cumulative G.P.A. and 8th semester honor points. If a student's 8th semester cumulative G.P.A. does qualify them for a Laude score they will receive a certificate after graduation, and their laude distinction will be included on their final transcript.

You must successfully pass and complete a class to receive the designated honor points.

1) Add up the number of honor points you have earned (Laude honor courses are listed on the back of this sheet).

Total honor points after 10th grade: _____

Projected total honor points after Junior Year: _____

2) Multiply your total number of honor points by your cumulative G.P.A.

My cumulative G.P.A. _____

My Total Laude Score after 10th grade: _____

My Projected Total Laude Score after 11th grade _____*

Laude Distinctions

- **Summa Cum Laude (Highest Honor/Distinction), Laude Score of 50 or greater**
- **Magna Cum Laude (With Great Honor/Distinction), Laude Score (32 – 49.99)**
- **Cum Laude (With Honor/Distinction), Laude Score (16 – 31.99)**

**For the purposes of projection, each junior has been given .5 honor points for College and career writing. This will change in accordance with the earned ACT score (details on course page)*

Riverdale Courses with Laude Point Distinction

AP Courses = 1 honor point per semester for each course completed and passed

AP Offerings -

AP US History
